

Master of Educational Leadership and Management

Name of Programme	Master of Educational Leadership and Management
Programme Overview	Aspiring to lead in education? Our Master of Educational Leadership and Management is a
Admission Requirements	Bachelors or Honours Bachelors Degree from a recognised institution.
Technical Requirements	To ensure a smooth and effective learning experience, students enrolling in this programme
Typical Full-Time Study Period	2 years
Number of Modules	14 (13 core + 1 elective)
Total Programmes Credits	248
Fees per Programme Credit	\$19.50
Total Tuition Fee	\$4836
SEMESTER 1	
Educational Leadership and Curriculum Development	
Code: D8-ELC-25	This module provides an overview of educational leadership and curriculum development, examining their interrelationship. It equips learners with knowledge of leadership principles, curriculum design, and the ways in which effective leadership influences curriculum development and implementation to enhance educational practice and outcomes.
Module Fees: \$234	This module equips learners to use technology effectively in designing, developing, planning, and evaluating e-learning activities. It also introduces the concepts of open, distance, and mobile learning, enabling learners to integrate educational technology into teaching practice and enhance the delivery of modern learning environments.
Module Credits: 12	This module develops the knowledge, skills, and competencies required for strategic management in education. Learners will undertake in-depth strategic analysis of educational settings and organisations, applying management principles to enhance decision-making, leadership, and organisational performance within the educational context.
Module Fees: \$234	This module provides a conceptual and practical understanding of the linkages between education policy, planning, and legal processes. Learners will examine how policies are developed and implemented within legal frameworks, and how these processes shape decision-making, governance, and accountability in educational contexts.
Module Credits: 12	This module enables learners to connect theory and practice in educational leadership and management through research activities. It develops skills in designing and conducting research, analysing findings, and evaluating policy changes, fostering evidence-based decision-making within educational contexts.
Module Fees: \$234	
Module Credits: 12	

Master of Educational Leadership and Management

SEMESTER 2

School Administration, Supervision, and Instruction

Code: D8-ASI-25	This module equips learners with the knowledge, skills, and competencies to promote effective school administration, supervision, and instructional practices. It focuses on leadership, management, and instructional support processes that strengthen accountability, efficiency, and quality teaching and learning within school environments.
Module Fees: \$234	
Module Credits: 12	

Educational Cost and Financial Analysis

Code: D8-ECF-25	This module equips learners with the knowledge, skills, and competencies required for financial management in education. It develops proficiency in analysing costs, budgets, and resource allocation, while fostering an understanding of the complex financial structures and dynamics that underpin effective management of educational organisations.
Module Fees: \$234	
Module Credits: 12	

Human Resources Administration in Education

Code: D9-HRA-23	This module provides learners with theoretical and practical knowledge of human resource administration in education. It covers recruitment, employee relations, staff training, development, retention, and compensation, equipping learners with the skills to manage personnel effectively and support the growth and sustainability of educational institutions.
Module Fees: \$234	
Module Credits: 12	

Research Proposal

Code: D9-RPL-25	This module deepens learners' understanding of educational research by integrating theoretical and practical perspectives. Learners are required to design and present a research proposal that demonstrates the application of research skills to improve teaching, learning, and wider educational practice, fostering professional growth and institutional development.
Prerequisite: D9-EDR-25	
Module Fees: \$702	
Module Credits: 36	

SEMESTER 3

Education Society and Community Relations

Code: D9-ESC-23	This module equips learners with the knowledge, skills, and competencies to build effective relationships between schools and communities. It emphasises the interdependence of education and society, demonstrating how strong school-community partnerships enhance educational quality and contribute to the holistic development of pupils, students, and the wider community.
Module Fees: \$234	
Module Credits: 12	

Quality Management in Education

Code: D9-QME-23	This module equips learners with the knowledge, skills, and competencies required for quality management in education. It explores principles and techniques for developing, improving, and maintaining the quality of educational processes, services, and products, enabling learners to apply quality assurance frameworks to enhance institutional effectiveness and performance.
Module Fees: \$234	
Module Credits: 12	

Dissertation 1

Code: D9-DI1-23	This module builds on the research proposal, deepening learners' understanding of educational research through theoretical and practical perspectives. Learners are required to review and analyse research findings, applying insights to improve teaching, learning, and wider educational practice, while strengthening their ability to engage critically with evidence.
Prerequisite: D9-RPL-25	
Module Fees: \$468	
Module Credits: 24	

SEMESTER 3 ELECTIVE GROUP (CHOOSE ONE)

Decision Making in Secondary and Tertiary Institutions

Code: D9-DST-23	This module equips learners with the knowledge, skills, and competencies required for informed decision-making in secondary and tertiary institutions. It emphasises ethical and professional judgement, enabling educational leaders and decision-makers to apply structured approaches to problem-solving and policy implementation within diverse educational contexts.
Module Fees: \$234	
Module Credits: 12	

Education Reforms and Curriculum Development

Code: D9-ERC-23	This module equips learners with the knowledge and skills to analyse, design, and implement curriculum reforms and education policies. It examines the drivers of educational change, the processes of curriculum development, and the implications of reform, enabling learners to contribute to effective and sustainable improvements in education.
Module Fees: \$234	
Module Credits: 12	

Leadership and Management in Education

Code: D9-LME-23	This module equips learners with the knowledge, skills, and competencies required for effective leadership and management in education. It focuses on principles and practices that support sound decision-making, organisational improvement, and professional effectiveness in schools and educational institutions
Module Fees: \$234	
Module Credits: 12	

SEMESTER 4

Dissertation 2

Code: D9-DI2-23	This module advances the work undertaken in Dissertation 1, enabling learners to apply theoretical and practical aspects of educational research. Learners are required to analyse research findings in depth and present a dissertation that contributes to improving teaching, learning, and wider educational practice.
Prerequisite: D9-DI1-23	
Module Fees: \$1092	
Module Credits: 56
