

Masters of Education in Higher Education

Name of Programme	Masters of Education in Higher Education
Programme Overview	Elevate your expertise with our Master of Education in Higher Education. This specialised
Admission Requirements	Bachelors or Honours Bachelors Degree from a recognised institution.
Technical Requirements	To ensure a smooth and effective learning experience, students enrolling in this programme
Typical Full-Time Study Period	2 years
Number of Modules	12 (9 core + 3 elective)
Total Programmes Credits	240
Fees per Programme Credit	\$19.50
Total Tuition Fee	\$4680
SEMESTER 1	
Learning, Teaching and Assessment	
Code: D9-LTA-22	This module develops learners' competence in effective teaching and assessment practices. It establishes a foundation in educational theories and principles, supporting their application across diverse learning environments. Learners examine classroom practice and align assessment methods with intended outcomes, ensuring constructive feedback that enhances teaching quality and student learning.
Module Fees: \$390	
Module Credits: 20	
Intergrated Foundations of Education	
Code: D9-IFE-25	This module enables learners to appreciate the importance of educational foundations and their role in the teaching and learning process. It examines ideological, philosophical, psychological, sociological, and historical perspectives, highlighting their influence on educational aims and methods. Learners also analyse the interrelationship between education, culture, society, and psychology.
Module Fees: \$390	
Module Credits: 20	
Academic Writing	
Code: D9-ACW-25	This module equips learners with the knowledge, skills, and competencies required for effective academic reading and writing in English. It develops the ability to interpret, structure, and produce academic work with clarity and precision, supporting learners in applying these skills for practical and scholarly purposes.
Module Fees: \$390	
Module Credits: 20	
SEMESTER 2	
Educational Technology and e-Learning	
Code: D9-ETE-25	This module enables learners to use technology effectively in designing, developing, planning, and evaluating e-learning activities. It introduces the concepts of open, distance, and mobile learning, equipping learners with the skills to integrate educational technology into teaching and learning for enhanced accessibility and instructional effectiveness.
Module Fees: \$390	
Module Credits: 20	
Curriculum Design and Development	
Code: D9-CDD-22	This module equips learners with a critical understanding of the drivers, processes, and models of curriculum design and development. It develops the competencies to critique, evaluate, and design curricula, enabling learners to apply principles of quality curriculum development effectively in educational contexts.
Module Fees: \$390	
Module Credits: 20	
Professional Academic in Action	
Code: D9-PAA-25	This teaching practice module enables student teachers to apply learning, teaching, and assessment in real classroom settings. It provides opportunities to put theory into practice, reflect on professional experiences, and develop the skills and confidence necessary to prepare for a successful career in teaching.
Module Fees: \$390	
Module Credits: 20	

SEMESTER 3

Research in Higher Education

Code: D9-RHE-25	This module equips learners with lifelong research skills, enabling them to seek and apply new knowledge throughout their careers. As part of the module, learners are required to develop a research proposal that will form the foundation of their dissertation in the final semester.
Module Fees: \$390	
Module Credits: 20	

Assessment and Moderation in Outcomes-Based Education

Code: D9-ABE-25	This module develops a critical understanding of assessment and moderation within Outcomes-Based Education (OBE). Learners will apply OBE principles to teaching, learning, and evaluation, gaining the knowledge and competencies required to implement effective assessment strategies and ensure quality assurance in contemporary educational practice.
Module Fees: \$195	
Module Credits: 10	

SEMESTER 3 ELECTIVE GROUP (CHOOSE THREE)

Quality Framework in Higher Education

Code: D9-QHE-25	This module provides a critical understanding of international quality assurance methodologies and their application in higher education. Learners will examine quality frameworks with particular reference to Botswana, developing the ability to contextualise local practices within broader international standards of quality assurance.
Module Fees: \$195	
Module Credits: 10	

Globalisation in Higher Education

Code: D9-GHE-25	This module introduces learners to issues of globalisation in higher education and the strategies institutions adopt in response. It examines conceptual frameworks linking higher education to economic competitiveness in the global economy and requires learners to critically analyse recent national and international reports on the subject.
Module Fees: \$195	
Module Credits: 10	

Contemporary Issues in Higher Education

Code: D9-CHE-25	This module enables learners to examine contemporary issues in higher education and strategies for addressing emerging challenges. It equips them with relevant professional knowledge while fostering the capacity to critically analyse and reflect on challenges and opportunities at both institutional and individual levels, promoting informed and responsive practice.
Module Fees: \$195	
Module Credits: 10	

Governance and Management in Higher Education

Code: D9-GMH-25	This module familiarises learners with governance, leadership, and management structures in higher education institutions. It enhances understanding of the processes and systems through which such institutions are managed, equipping learners with the knowledge to support effective attainment of organisational goals and objectives.
Module Fees: \$195	
Module Credits: 10	

Organisational Development

Code: D9-ODE-25	This module introduces contemporary issues in organisational development, including organisational behaviour, individual dimensions, group dynamics, conflict resolution, negotiation, stress management, change leadership, decision-making, culture, and ethics. Learners develop the knowledge and skills to analyse and address these critical aspects, fostering effective practice in modern organisational contexts.
Module Fees: \$195	
Module Credits: 10	

Special Needs Education

Code: D9-SNE-25	This module equips learners with the knowledge, skills, and competencies to support students with special needs in higher education. It emphasises inclusive education principles, recognising individual differences, and promoting unity, equity, and democratic practice, thereby fostering effective teaching and learning in diverse educational settings.
Module Fees: \$195	
Module Credits: 10	

SEMESTER 4

Dissertation

Code: D9-DIS-14	This module consolidates learners' knowledge of educational research through theoretical and practical engagement. Learners are required to produce and present a full dissertation, demonstrating the ability to analyse research findings critically and apply them to improve teaching, learning, and wider practices in higher education.
Prerequisite: D9-RHE-25	
Module Fees: \$1170	
Module Credits: 60
